

# *Washington Birder* 2015 List Reports

## **2015 HIGHLIGHTS**

### **Over 100 Species seen in every County**

Congratulations to Jeff Jendro and Stefan Schlick  
who both went over 100 species  
in every Washington State county in 2015

### **Same Species seen in every County**

Finding all species on the Washington State Checklist in every county is an impossible challenge.  
Although many species can be found in each county, it requires time and careful planning,  
plus a bit of luck when building a list of same bird species seen in all 39 counties  
Congratulations to Tom Mansfield who reached his goal of 100 same species in every county in 2015

### **Seven “Highest Ever” County Year Lists Were Reported for 2015**

Congratulations to  
Mike Clarke/Asotin who saw 191 species, 42 more than the previous record  
John Gatchet/Clallam with a total of 244, for a record increase of 22 species  
Bob Flores/Clark with a total of 227 species which increased the record by 20 species  
Russ Koppendrayner/Cowlitz who broke his own 2012 record by 4, for a new total of 196  
Tim Brennan/Mason who added one species to the old record for a new total of 180  
Bruce LaBar/Pierce with a new total of 225, he increased the old total by 18 species  
MerryLynn Denny/Walla Walla, with 256 species, she surpassed her old record by 3

### **State Birds added in 2015**

Congratulations to  
Chuck Welsh who found a Little Bunting in Grays Harbor County  
and  
Paul Woodcock who found a Red-flanked Bluetail in Whatcom County

### **Symbols on the List**
